

**Maharshi Patanjali Vidya Mandir, Allahabad**  
**Syllabus : 2017- 2018**  
**Subject : Chemistry**  
**Class - XII**

<b>April</b>	(1) Solid state (2) Solutions
<b>May</b>	(1) Electrochemistry, (2) General principles and process of isolation of elements (3) Chemistry in everyday life (self study for class presentation)
<b>July</b>	(1) Biomolecules (2) Haloalkanes and haloarenes (3) Alcohols, Phenol and ethers
<b>August</b>	Alcohols, Phenol and Ethers (contd.) (1) Aldehydes, Ketones and Carboxylic Acids
<b>September</b>	(1) Organic compounds containing Nitrogen (2) Chemical Kinetics
<b>October</b>	(1) Surface Chemistry (2) Co-ordination Chemistry
<b>November</b>	(1) Polymers (2) P-block elements (15, 16-group)
<b>December</b>	P-block elements (contd. 17, 18 groups) (1) d –and f-block elements
<b>1<sup>st</sup> Unit Test-</b>	Solid state, Solutions, Electrochemistry, Chemistry in every–day life, General principles and process of isolation of elements.
<b>Half yearly--</b>	Solid state, Solutions, Electrochemistry, Chemistry in Every–day Life, (2) General Principles and process of isolation of elements, Biomolecules, Haloalkanes and Haloarenes Alcohols, Phenol and Ethers Aldehydes, Ketones and Carboxylic acids, Organic Compounds containing Nitrogen
<b>1<sup>st</sup> Pre Board Exams</b>	<b>Complete syllabus</b>
<b>2<sup>nd</sup> Pre Board Exams</b>	<b>Complete syllabus</b>
